Wheel:

WHFL 1002 6152

Technical data

Diameter		100 mm
Wheel width		40 mm
Hub length		45 mm
Wheel axle diameter		8/15 mm
Load capacity		240 kg
Weight		0.4 kg

REACH compliant

RoHS compliant

Wheel

Phenolic wheel for light Industrial use two ball bearings with labyrinth seals and bushing operating temperatures from -40°C to +250°C
